

TI Platform Annual Meeting 2017

Thursday, June 15, 2017 | The Bently Reserve, San Francisco | 8:00 am - 3:30 pm

TI Platform's 2nd annual meeting brings together top entrepreneurs, venture investors, and institutional investors from around the world. This event will focus on the evolution of the venture capital industry and emerging global trends across a variety of verticals. This will be an enlightening discussion on themes such as "What's Next After Y Combinator" and "The Next Iteration of Artificial Intelligence and Machine Learning".

Featuring

Sequoia Capital

Sequoia Capital is a venture capital firm based in Menlo Park, California. The firm was founded in 1972 and seeks to invest in the information technology, healthcare, manufacturing, mobile, nanotechnology, financial service, internet, energy, media and retail sectors.

Lightspeed Venture Partners

Lightspeed Venture Partners is a venture capital firm headquartered in Menlo Park, California. The firm was founded in 2000 and seeks to invest in early stage companies operating in the information technology, big data, cloud solution, storage, networking, consumer, mobile, e-commerce, media and software sectors.

Naval Ravikant

Founder and CEO
of *AngelList*

Naval is the CEO and Co-founder of AngelList. He previously co-founded Epinions, a consumer review site that was acquired by Shopping.com, and Vast.com, a big-data-as-a-service platform. Naval is also an active angel investor and has invested in dozens of companies such as Twitter, Uber, and Stack Overflow.

Jason Lemkin

Founder and General
Partner of *SaaStr*

Jason is the Founding General Partner at SaaStr, an early stage VC fund and community of SaaS founders and entrepreneurs. Jason was also managing director of Storm Ventures. Prior to becoming an investor, he was a co-founder of EchoSign (acquired by Adobe) and NanoGram Devices (acquired by Wilson Greatbatch for \$45M).

Subrata Mitra

CEO
of *Accel India*

Subrata has been a Founding Partner at Accel Partners India since 2008. He was the first investor in breakout companies such as Flipkart and Mu-Sigma, among many others. He was also a former Managing Director for Tavant Technologies' India operations and founded Firewhite, Inc., an application deployment platform.

Daniel Kan

Co-Founder and COO
of *Cruise Automation*

Daniel is a Co-founder and the current Chief Operating Officer for Cruise Automation, a developer of self-driving automobile technologies. Prior to Cruise Automation, Daniel was also a Co-founder of Exec, an on-demand cleaning service provider that was acquired by Handybook for \$10M after only two years from launch.

Michael Dubin

Founder
of *Dollar Shave Club*

Michael is the Founder and CEO of Dollar Shave Club, a subscription service for men's grooming products that was acquired by Unilever for \$1B. Prior to Dollar Shave Club, Michael was Director of Marketing & Business Development at Feed Company and Digital Marketing Director at Sports Illustrated.

Luc Vincent

VP Engineering
of *Lyft*

Luc has more than 25 years of experience leading world-class engineering teams. He pioneered Street View, scaling it from inception to become a one of the most iconic and essential Google products. Recently Luc has joined Swedish 3D mapping startup Spotscale as an investor and advisor.
